## ***GARAGE GYM PACKAGE***

GG-GYM-2

The Garage Gym Package is a great addition to your Garage or Basement Gym set up. This package comes with a full garage gym setup, offering options for strength training and free weight workouts. It measures 150 square feet and can easily fit in a one car port or half of a two-car garage. Equipment included in this package is a G256 signature series squat cage, G206 multi-adjustable bench, 300lb rubber Olympic weight set, and a 5lb through 50lb rubber hex dumbbell set with a G241 3 tier rack. Our Garage Gym Package is designed to convert a single-car garage or half of a two-car garage into a personal home gym. With the G256 Squat Cage, you'll have the option to do pull-ups, deadlifts, benching, and a multitude of other strength training exercises. The bench and dumbbell set offers the

option of isolated free-weight exercises, giving you an abundance of exercise variations. The Garage Gym Package is perfect for anyone looking to ramp up their fitness game while remaining economical about space in their residence.
