

Dual Adjustable Pulley System

DYNAMIC TRAINER

MX1161EX

The Universal Trainer's little brother, the Dynamic Trainer, comes with almost all of the same features of the Universal Trainer without the counter balanced smith machine. This unit is perfect for those that prefer free weights over the constraints of the smith machine. The removable J hooks and spotters allow this functional trainer to double up as a half rack and the additional accessories and attachments make it extremely versatile.

Dimensions
60" x 48" x 89"
